Jager and Friends Dog Park ID # Tags Sign In Procedures

As you know, there is a dog park rule that all users must sign in before entering the park. We ask that you provide your name, dog's name, your phone number or email. We understand you may not want to give personal information which is then visible to all who use the park. We also know that it is sometimes difficult to sign in when your dogs want to play inside the park. We cannot stress enough the importance of our knowing who is using this park. This information is needed for human and dog safety, for park security and grant funding.

To make sign-in easier for you and your dogs we ordered ID Tags which are available for purchase. Each tag is numbered. When you enter the park all you need to do is enter your dog's numbers on the sign in sheet. Sign in will be quick and easy and private.

Tags are available for \$5.00 each. Please complete the application found online on our web site, on face book or in the big information box to your right at the end of the welcome center at the park. Deposit the application (with your check or cash folded into the application) in the donation box. Your tag, will be sent to you. Tag # will be assigned.

You can also mail your form and payment to:

Jim Atchison, 534 South Center Ave. Somerset, PA 15501.
